HAND-DYED ARTWEAR

STYLE GUIDE

These one-of-a-kind wearable art pieces are as versatile as they are beautiful. Each intricately designed piece is individually hand-dyed by Zubin -- initiator of the tie-dye trend in the 60's. No two are alike.

Dressed up, they are especially enhanced by black. Dressed down, they add pizzazz to your favorite jeans or give a splash of color to beach/leisure wear.

Wonderfully versatile, they can be worn as head/neck scarves, sashes, sarongs, halters and shawls. Express yourself by tying them in unusual ways using the methods in this booklet or discover your own creative and unique ties.
